# What Students Say.

"I just want to say that I'm really impressed with this class. Like I said earlier, I've always HATED online classes, but I've never had one with a live instructor and this much interaction. This is better than the Ada class I took in July, and it was actually in a classroom."

CHARLES W., JAVA

"I was impressed with the amount of information we received in the timeframe we were there. Some training sessions would have dragged it out all day, thank you for not doing that!!!"

SCOTT P., WINDOWS 7 and OFFICE 2010 TNT

"I am grateful to LEEANNE for providing such upbeat instruction with relevant examples and encouragement throughout. She is excellent!"

DORI W., MOS 2010 CERTIFICATION BOOT CAMP

"Having a training center located here in our home town opens up new opportunities for local professionals and ikuw does a good job of providing the necessary environment and tools."

MICHAEL S., ORACLE PERFORMANCE and TUNING
